

Introducing the Fair Labor Association's Collegiate Retailer Program pilot

For more than 25 years, colleges and universities have joined the Fair Labor Association's University Caucus to demonstrate their commitment to ethical sourcing and fair labor standards throughout the supply chains of licensed products.

To explore meaningful engagement with the retailers sourcing and selling these collegiate licensed products, we're launching a two-year [Collegiate Retailer Program](#) pilot, focused on building knowledge and capacity for human rights due diligence and responsible business conduct within collegiate-focused retailers' business operations and throughout their supply chains. The pilot will run from July 2026 - June 2028 and will engage retailers who have significant business relationships with colleges and universities as FLA Collegiate Retailer affiliates.

PROGRAM COMPONENTS
